General information

Standard availability of all the specified products is 2-5 weeks from the time an order is placed, depending on the type of product, quantity, and potential individual requirements.

Placing an order includes approval of the final design preview. We will always confirm the delivery deadline for specific products on the basis of your enquiry or order. Please give the quantity, colour, possibly the capacity, and the required printing in your enquiry. Products in stock are identified with the “24 h” icon and can usually be shipped within 24 hours. All catalogue numbers are unique and are used exclusively for the requirements of this catalogue. We cannot guarantee 100% availability of all products in all colours throughout 2023.

TAILOR-MADE SOLUTIONS

- We actively communicate
- We find a solution just for you
- An innovative approach
- Custom colours and design starting from 50 pcs
- Tailor-made technical solutions
- We will prepare 3D designs for you
- Full-colour LED + CMYK
- Your own custom packaging and accessories

QUALITY CONTROL

- Multiple tests for every order
- Checks at every phase of the production process
- We meet EU legislative requirements
- Standard 2-year warranty
- Quality and safety in 1st place
- A professional approach and familiarity with technology
- You get what you order

SUSTAINABILITY

- We support ecology and sustainable resources
- Natural materials: wood, cork, bamboo, wheat and corn straw, hemp
- Recycled materials: rPET, rABS, recycled paper and cardboard
- Sustainable energy sources: solar charging
- ECO-material packaging
- A wide selection across categories

What are portable SSDs?

What are portable SSD drives? They are the latest successor to USB drives and classic hard drives. They combine all their advantages but also feature unbeatable data transfer speeds! SSD drives are more reliable, faster and offer high capacities. All wrapped up in a small, compact case.

TRANSFER SPEED

PORTABLE (EXTERNAL) SSD DRIVE

SSDD004 256 GB / 512 GB / 1 TB

Write: up to 300 MB/s, read: up to 400 MB/s. Compatible with USB 2.0, 3.0.

CUSTOM-SHAPED USB FLASH DRIVES

**BEST
SELLER**

Do you long to go your own way? We will gladly help you create a USB flash drive of your own design, the only true limit being your imagination. Choose a 2D or 3D shape, the material, colour, interface, capacity and data transfer speed.

We manufacture custom-designed USB drives using the following materials:

PVC – starting from 50 pcs

Metal – starting from 500 pcs

Wood, bamboo – starting from 500 pcs

Acrylic – starting from 300 pcs

ABS plastic – starting from 1000 pcs

 1-128 GB

MOQ 50 

 PVC, wood, bamboo, metal, plastic, acrylic

USB 2.0, 3.0

USB FLASH DRIVE PACKAGING

Beautiful packaging increases the perceived value of any gift. Whether your USB drives are a luxury gift or a medium for company data, we will always recommend the optimum packaging for the specific occasion. Naturally, your logo can be placed here too.

We have expanded the ECO packaging range with new options for all models!

ALCOHOL TESTER WITH FUEL CELL ELECTROCHEMICAL SENSOR AND LED DISPLAY

ZOP044

PREMIUM

A high-accuracy electrochemical sensor based on the "fuel cell" principle; the result is not affected by other substances in the breath and does not depend on the volume of exhaled air. The same sensors are also used in professional testers, e.g. for the police. You can perform up to 2,000 measurements before recalibrating the sensor. The device issues an alert if the alcohol concentration in the breath exceeds a user-specified limit. Internal memory for up to 10 results. Package includes a set of replaceable washable mouthpieces. Power supply: AAA batteries.

MOQ 50  Smaller quantities subject to request.
